

## Uniformed and Emergency Services (UES)

### What are the aims of this course?

- Pupils will improve their knowledge and understanding of the Uniformed

Emergency Services

- Pupils will develop social skills and confidence through teamwork activities

### What will I be learning about in this course

- An introduction into background information about multiple UES

services The logo of the Royal Air Force, featuring a red circle with a white dot in the center, and the words "ROYAL AIR FORCE" in blue.

- Take on a challenge and see if you are fit enough to pass any of the UES fitness tests already?
- Learn about real-life scenarios and experiences through local school trips – fire station, army barracks and more.
- We will also have guest speakers to give you job information and share real life

experiences – RAF, Police

- Importance of teamwork through a variety of activities – blindfold obstacle course, capture the flag and 'floor is lava'.

### What skills will I develop?

The course is designed to develop: - teamwork, communication, roles and responsibilities, resilience, confidence

### What learning and teaching approaches will I experience?

1. Introduction to the above Services. The focus will be on developing employability skills through realistic work situations and practical activities. There will be a chance to

explore career opportunities in these services.

2. Working as part of a team – looking at benefits of being part of a team and qualities a leader would have. There will be opportunities for candidates to work as a member of a team.

**How will I be assessed?**

There are no official assessments however, pupils will be grade internally on a variety

of tasks and challenges

**What are the homework requirements?**

Pupils will be expected to complete a homework task at the end of each term

**What might this course lead to in the future?**

If you have interest in the UES or are thinking of applying in the future, then this is the course for you. This course is fun, action packed and leads on to the S4 UES course.
