Courses offered at Perth College/other schools for S5 pupils

Points to consider:

A college course (PC) place is **not** confirmed as a course choice until you have applied direct to the college online and had your place confirmed by email from the college.

More information about these college courses can be found here.

Campus classes at other secondary schools are in a paler font. The school delivering is indicated in brackets, pupils will be required to make their own travel arrangements, there is no funding provided for this and pupils may miss time in other classes due to travel time.

Pupils and parents should be aware that courses that state 'PC all day Friday or part day Friday', will result in pupils missing class contact time with other SQA subjects on their Friday school timetable as a result.
