

Leadership award

This award aims to provide learners with the opportunity to develop their knowledge and their abilities in relation to leadership.

The course will cover Leadership principles, styles, skills and qualities.

Effective Leaders

Identifying and developing own skills and experience of leadership

It aims to build confidence in leadership abilities. It gives opportunities to lead in a variety of contexts and develop their understanding of the impact of different leadership styles on others. Learners will be expected to lead activities or events within the school or out with and will be supported in organising these opportunities in different settings (School Depts, Primaries, Outside Agencies).

It aims to improve self-esteem and awareness as a result. The skills can be transferred into employment, further education, voluntary work or others school courses.

Units – leadership: an introduction – 20hours (SCQF points 3)

Leadership in Practice – 40 hours (SCQF points 6)
