

INFORMATION SHEET – MONDAY 24th APRIL 2023

S5s wanting to apply to Cambridge University

If you are thinking about applying to Cambridge Uni this year there is an ideal opportunity for you to get additional support from Cambridge Uni staff to help you with your application. There is further information and a booklet on how to submit your application for the additional support – see the S5 Assembly team for more info. Please note that these programme spaces are snapped up quickly, so it's highly recommended that you apply soon.

Please let me or your guidance teacher know if you intend on applying to Cambridge or Oxford Universities so that we can support you.

S3 – S5 Careers – Medicine

If you're someone who enjoys working with others, making a difference and is good at Science then you should consider joining the medical profession! An organisation called Medic Mentor is looking for S3s – S5s to join the many opportunities they are offering over the coming months. Take a look at the recent post in your year group assembly teams for information on some work experience opportunities and free conferences. Links to register are in the posts.

S5 – Future Medicine applicants

If any of you are considering applying to study medicine at university, please see the recent post on your year group assembly team with details of an excellent opportunity for a week-long work experience stint in a hospital. If you are applying for medicine, it is highly recommended that you take up these opportunities as they will support you with your application.

Coronation Poster Design Challenge for Schools

Aimed at students aged 8 to 18, the Coronation Generation challenge invites you to submit digital poster designs which reflect one or more of four key themes – **community, diversity, sustainability and youth**.

Over the Coronation weekend, a selection of posters will be displayed across hundreds of digital sites across the country, donated by Clear Channel UK, with the potential to be viewed by thousands of people every day.

Heather MacRae, CEO of the Ideas Foundation says: *“We want children and young people to be involved in Coronation celebrations. By sharing their reflections on specific themes, students will have an opportunity to develop their skills on a live brief showcasing their work to a nationwide audience.”*

Entries must be suitable for display on large format digital posters (think bus shelter size!) and all entries should be received **by 30th April**.

Please see Mrs Brailsford for more information about this challenge.
